Subject: Site 22A Draft Feasibility Study Extension Request

---

Dear Mr. Ramsey and Ms. Garvey:

In accordance with Federal Facility Agreement Section 14.2(g), the Navy requests a 50-day extension for submission of the Draft Feasibility Study for Installation Restoration (IR) Program Site 22A at the Former Naval Weapons Station Seal Beach Detachment Concord, Concord, California. This extension is requested to allow time to make further necessary adjustments to the document. The extension results in a revised milestone delivery date from 18 February 2010 to 9 April 2010 and will be accounted for in all subsequent deliverables.

If you approve of the request, I will send an updated SMP schedule for your use once these changes are incorporated.

The Navy appreciates your support and looks forward to our continued productive partnership. Should you have any questions or require

additional information, please contact Ms. Lora Battaglia at (619) 532-0968.

Sincerely,

Kathy Stewart
